A NEW PATHWAY TO NEW ZEALAND

START FROM HOME

Start your study journey to New Zealand's globally-recognised universities through the New Zealand Global Education Pathway in association with NCUK. This unique education pathway offers you the flexibility to begin your New Zealand education experience from one of more than 80 NCUK global Study Centres, located in 30 countries around the globe.

A NEW ZEALAND UNIVERSITY OFFER

By choosing the New Zealand Global Education Pathway in association with NCUK, you'll get an offer guarantee to study at any of New Zealand's universities upon successful completion of your NCUK qualification. You can then choose to continue your studies with a New Zealand university of your choice, at a time that suits you.

SCHOLARSHIP OPPORTUNITIES

To help you get there, New Zealand universities have offered NZD \$300,000 in scholarships dedicated to students completing NCUK qualifications, making your start to a New Zealand education even easier. Get in touch with your preferred New Zealand university to find out more or visit

CHOOSE A FUTURE-FOCUSED EDUCATION

New Zealand's education system is uniquely designed to prepare you for the rapidly changing future. With a practical and collaborative style of learning, a New Zealand education will give you real-world skills in demand by top global employers and educational institutions.

All New Zealand universities are ranked in the top 3% of universities in the world, so you can be confident that you'll receive a world-recognised qualification that will set you up for success.

To complement your quality education experience, you'll be supported to reach your full potential with competitive in-study and post-study work rights, including a three-year post-study open work visa for a bachelor's degree and master's postgraduate degree.

Your New Zealand education will enable you to become a confident, critical and creative thinker – ready for whatever the future brings.

THE STEPS ON YOUR EDUCATION PATHWAY

Undergraduate Pathway Qualifications

Postgraduate Pathway Qualification

NCUK QUALIFICATIONS

To begin your New Zealand education, you can select from one of three pathway qualifications offered by NCUK:

NCUK INTERNATIONAL FOUNDATION YEAR (IFY)

If you complete high school outside of the New Zealand education system, or in a language other than English, you may need to complete a foundation qualification before applying to a New Zealand university.

As well as academic knowledge, the NCUK International Foundation Year gives you specialist English language, study and cultural skills that are an essential part of your degree course. This unique combination will help you to get into the New Zealand university of your choice and prepare you for your future career.

The NCUK International Foundation Year is accepted as an entrance qualification by all universities in New Zealand. Successful completion will also allow you to meet their English-language requirements. So you can start your New Zealand education with the skills you need to thrive.

NCUK INTERNATIONAL YEAR ONE (IYONE)

The International Year One is a credit-bearing qualification which enables you to study the first year of your bachelor's degree locally at an approved NCUK Study Centre, with guaranteed access to the second year of your degree at selected New Zealand universities.

You have the option to study the Business or Engineering streams of International Year One qualifications leading towards undergraduate bachelor's degree programmes. Plus you'll benefit from smaller classes, academic preparation and plenty of support to ensure a smooth transition into university study.

NCUK MASTER'S PREPARATION (PMP)

The Master's Preparation gives you the high-level academic skills and knowledge, advanced English language skills, and a single point of contact for university application support and guidance to successfully apply for a master's degree at a New Zealand university.

YOUR CHOICE OF NEW ZEALAND UNIVERSITIES

1 Auckland University of Technology

Auckland University of Technology (AUT) is New Zealand's second-largest and fastest-growing university. It reflects the changing world, and emerging environments and industries.
